Rep. Patrick Rose: **Our Generation, Our Future**

He authored Texas State's name change legislation and passed a bill creating a student led athletic fee so that Texas State can pursue Division 1-A Football.

"This election, our generation has a historic opportunity to shape the future of our state and our country. I will always support policies that increase the value of your degree and that strengthen the Texas economy and create jobs."

Rep. Patrick Rose: Our Generation, Our Future

He is the only candidate in this race that promises to make Texas State students a priority and has a proven record of results.

"The best economic dollar our state spends is on Higher Education. Now that the state has a budget surplus, we must invest in our universities and lower tuition costs to make college affordable for students from middle class families."

"As Boards of Regents set tuition rates, it is critical to have students at the table with the power to impact those decisions. Working with Texas State students, I passed the bill that created a student regent position at every public college and university system. Next session, I will file legislation to give every student regent voting power."

Rep. Rose is leading the fight to:

- ✓ Regulate bookstores
- ✓ Provide e-textbooks
- ✓ Stop taxing traditional textbooks
- ✓ Invest in merit-based scholarships
- ✓ Give student regents voting authority
- ✓ Fully-fund higher education & lower tuition rates
